

APRIL 10

## “THERE’S POWER IN PATIENCE.”

---

### **READ**

*Isaiah 64:4-8*

We’re good at bombarding God with requests, when sometimes it would be to our benefit to hush and let God say something to us. His Word promises that He who waits on God will see God act on His behalf. There is a time in a believer’s life when he or she needs to go into a room, close the door, and just sit and wait patiently on the Lord. There’s power in patience, but we are not a patient people. We do not readily make ourselves available to God to simply wait on Him. You have to be willing to say to yourself, “Just being busy is not what God’s after. He’s looking for someone who will wait.” This Almighty God, who knows no limits, is looking for someone who will declare, “I can’t take another step. I won’t say another word. I won’t do another thing, until I hear from God’s Holy Spirit down in my soul.”

### **PRAY**

Lord, my flesh wants to push. You want patience. Power comes through waiting patiently on You.
