**“WHENEVER SOMEONE

IT IS STILL GOOD NEWS.”**

*John 1:1-17*

The Gospel means good news. So whenever someone preaches about hell, it is still good news. Why? Because Christ made it possible that you don't have to go there. Some say Jesus is a morally good person, a prophet. But Jesus is the only one who can remedy our sinful condition. He is the one who can deliver us from the kingdom of darkness into the kingdom of light. Jesus is the center of Scripture, the center of the universe, and the center of the Father's heart. This Jesus became a human being, and we beheld His glory, the glory as of the only begotten of the Father, full of grace and truth. Truth says this is who you have to be, and this is what you have to do to get to heaven. Not one of us can do what Truth asks; we're dead. Jesus is full of truth, but He comes with grace and life. He gives you His righteousness and His favor. What the law could not do, Jesus did. The law didn't save us, but Jesus did.

Thank You for saving me by Your grace. You have saved me from my sins, my self, God's wrath and from hell. You have saved me to Your righteousness, good works, God's glory, and heaven. May I share this good news today.
